

# Addictions

## About

Purpose-built to support adult mental health and addiction programs across Canada, EMHware is a secure, flexible platform designed to simplify complex workflows and strengthen client care.

Designed for compliance and real-world demands, EMHware helps organizations streamline case management, providing clear visibility into client progress and program impact in an efficient, integrated platform.

## Benefits

- ✓ **Focus on clients:** Reduce documentation and automate routine tasks, so staff can focus on client recovery and meaningful outcomes
- ✓ **Trusted compliance:** Secure, Canadian-hosted data with full audit trails and reporting
- ✓ **Connected care:** Integrates with healthcare partners, social services and community programs for coordinated care

*Trusted by more than 280 organizations across Canada to support mental health services every day.*

# Addictions

---

## Why it matters

- ✓ **Confidence in Care:** Clear visibility into schedules, contacts, and urgent updates, empowers better decision-making and drives better outcomes.
- ✓ **Secure Interoperability:** Trusted data sharing across platforms and partners, keeping client information secure and confidential.
- ✓ **Efficient Group Programming:** Integrated workflows for group creation, scheduling, and reporting to support high-volume recovery programs.
- ✓ **Recovery Focused Insights:** Review progress and outcomes to confidently guide recovery and validate program impact.
- ✓ **Compliance Made Simple:** Automation and audit trails reduce administrative burden, letting staff focus on meaningful client care.
